Successes & Goals

We'd love to hear one or two of your chapter's top success stories from this year. We may follow up with you for additional details and photos of your success story.	
28. Story #1 Title:	1,000 lbs of Trash Removed From the Salt Marsh Estuaries
Category:	
• Conservation	X
• Science	
• Education and Outreach	
• Policy and Advocacy	
Description:	With a very small group of volunteers and the assistance from a pontoon boat owner the chapter was able to remove roughly 1,000 lbs of human generated litter from the salt marsh estuaries of the Matanzas River shoreline.
If you have a good photo depicting this success, please upload here (if uploading doesn't work, please email to chapter_services@audubon.org with caption, photographer name and email address).

29. Story #2 Title:	Beach-nesting Shorebirds in St Johns County have Nine Additional Stewards to Protect Them
Category:	
• Conservation	X
• Science	
• Education and Outreach	
• Land Management	
Description:	St Johns County Audubon was able to recruit nine additional chapter members to steward last summer. This is a big deal due to the low number of volunteer efforts in the past 3-4 years.
If you have a good photo depicting this success, please upload here (if uploading doesn't work, please email to chapter_services@audubon.org with caption, photographer name and email address).

30. Please list up to three of your chapter's top goals in your next annual plan:	
1:	<p>CONSERVATION:</p> <ul style="list-style-type: none"> - Identify additional potential IBAs throughout the county. - Continue to build base of stewards for the beach-nesting shorebird program in cooperation with the Florida Shorebird Alliance (FSA) - Continue with shoreline cleanups in the saltwater estuaries of the Matanzas River - Continue with solidifying stakeholder status on conservation lands through communications with land managers about our activities on their lands.

2:	<p>EDUCATION</p> <ul style="list-style-type: none"> - Work with county parks & recreation department to provide educational programs on beach-nesting shorebirds to homeschool groups. - provide more educational presentations on various topics, including sea-level rise, to neighborhood organizations.
3:	<p>ADVOCACY</p> <ul style="list-style-type: none"> - work closely with coastline neighborhood organizations and policy makers concerning the misguided call for establishing a sea wall. - work closely with the St Johns County Greenway Trails Initiative, encouraging the most ecologically sound practices in establishing greenway trails throughout the county and encouraging the establishment of trails inland to encourage more dialogue concerning sea level rise and its effects on our coastlines.
